MAGTECH MODEL 7022

£75.00

Witney

DESCRIPTION

A perfect bunny basher very similar to a Ruger 10/22(many parts interchangeable). Comes with 10 round Anschutz magazine and brand new red dot.

This rifle clearly started out as a copy of the Ruger 10/22 but probably because of copyright it had to have some differences. The most obvious is the magazine. This rifle comes with a genuine Anschutz magazine which works perfectly in it.
